(all information is kept confidential)

Masonry Contractor: Any company actively engaged in the installation of masonry products.

Mission: TMC increases market share for the masonry industry through focused programs. All of our efforts increase value for all stakeholders, including more profits for business owners, more benefits and opportunities for employees and more value for customers. TMC seeks favorable state legislation in cooperation with others to achieve these ends. TMC in partnership with local chapters ensures that an adequate number of well-trained craftspeople and leaders are developed and maintained to support the market share TMC creates.

Vision: TMC will be a positive, professional, and financially-sound organization effectively bringing many diverse people together to protect and strengthen the masonry industry, making masonry the dominant building material in Texas. All the stakeholders in the Texas masonry industry will be actively involved in the association, an invaluable key to their success.

Values: The leaders and members of TMC aspire to these values at all times:

- We accept responsibility for our profession and our industry.
- We deliver maximum value for each construction dollar spent.
- We strive for high professional standards that preserve pride in our craft and dignity for our craftspeople.
- We support fair competition for all stakeholders.
- We encourage respect between customers, contractors, and suppliers.
- As an organization we respect local associations and seek their involvement.
- As an organization we are innovative, creative, and trustworthy.
